## 5. Downtown Historic District Update

### **Attachment: Downtown Historic District Map**

In the past we have talked about the differences between the Local and National Downtown Historic Districts. The Local District includes the buildings at 102 Walnut and the building at 159 East Second, the National District does not. We have had communication with the State Historic Preservation Office on the process to include those two buildings in the National District. Staff will provide an update on the project.

## HERITAGE PRESERVATION COMMISSION MINUTES

**DATE:** June 8, 2016

**PRESENT:** Kendall Larson, Susan Briggs, Carolyn Larson, Andy Bloedorn, Dennis McEntaffer, Peter Shortridge and Merle Hanson

**ABSENT:** Mary Edel Beyer, Preston Lawing, and Wes Hamilton

**STAFF:** Myron White, Development Coordinator and Carlos Espinosa, City Planner

**VISITORS:** MnDOT Terry Ward

---

### **1. Call to Order**

Kendall Larson called the meeting to order at 4:02 p.m.

### **2. Bridge Discussion – Terry Ward, MN Department of Transportation**

Mr. Ward discussed the projected cost overruns as they relate to the Historic Bridge re-build. He discussed the options that were being explored:

- Historic full build – The current approved option but well over budget
- Through-truss historic build with non-historic approach spans (saving roughly \$10 million in project costs)
- Removal of the bridge
- Use the bridge as a pedestrian facility
- Do a “20 year fix”
- Demo and build a new bridge

Mr. Ward indicated that most of the discussion has surrounded the original plan for the full historic build or the historic build with non-historic approaches. Mr. Ward indicated he would keep us in the loop as they get closer to a final decision.

### **3. Winona Schools-Local Designation Public Information Meeting:** Heritage Preservation staffer White made a Power Point presentation on the process and implications involved in the local designation of the school properties: Central School: 317 Market, Washington-Kosciusko: 365 Mankato, Madison: 515 W. Wabasha, Jefferson: 1268 W. 5<sup>th</sup>.

Audience member Steve Schild introduced himself a 1<sup>st</sup> District School Board Director and expressed several concerns relating to local designation of the schools:

- Mr. Schild expressed concern over Commission President Larson’s personal involvement in efforts promoting neighborhood schools and questioned if she may have a conflict of interest.
- Mr. Schild expressed questioned how the City can dictate to property owners what they can or can’t do with property at the property owner’s expense.

**HERITAGE PRESERVATION COMMISSION MEETING MINUTES**  
**JUNE 8, 2016**  
**PAGE 2**

- Mr. Schild indicated that enrollments have continued to decline and wondered how putting restrictions on what can or cannot be done with the schools is good public policy.

Commissioners Larson, Bloedorn and Briggs responded to comments indicating Ms. Larson's involvement in promoting neighborhood schools was as a Winona citizen and not a HPC member.

Commissioner Shortridge encouraged the school board to become involved and make their feeling felt at public hearing opportunities.

Commissioner McEntaffer made a motion to have staff arrange notifications and notice a public hearing for the July meeting and create the necessary resolution for consideration. The motion was seconded Commissioner Hanson with all members present voting aye.

**4. Opportunity Winona**

Staff person White provided a brief update on the Opportunity Winona initiative.

**5. Ongoing Business/Discussion Items**

HPC staff person White indicated that the Windom Park application would be largely complete for the July meeting.

**6. Upcoming Grant Application-Prioritize**

Staff asked the Commission for direction with regard to upcoming State Historic Preservation Office Legacy Grant applications. The Commission indicated an interest in applying for funding for a survey for the Winona Athletic Club property as the number 1 priority, funding for the HPC web site as priority 2 and funding for a survey for Westbrook Cemetery as the 3<sup>rd</sup> priority.

**7. Other Business**

- Certificate of Appropriateness: Latch Building Partnership: Sole Sports Sign

The Heritage Preservation Commission reviewed an application for a Certificate of Appropriateness for Sole Sports located in the Latch building at 114-122 East 2<sup>nd</sup> Street. The building has spots for 4 street-level businesses and currently the only other sign displayed is for Affinity Credit Union. Latch representative Peter Shortridge explained the sign will be similar in size and materials to the Affinity sign.

Commissioner McEntaffer made a motion to approve Resolution #70 approving the proposed signage for Sole Sports. The motion was seconded by

Please see the enclosed Certificate of Appropriateness Application enclosed for a painted wall sign to be placed on the north (levee) side of our building at 65 E Front St.

The proposed painted wall sign would be of our company logo and would measure approximately 15' x 15' painted onto the existing cinder block wall. It is worth noting that the existing wall on this portion of the building is in contrast to the rest of the building's exterior walls, which are brick.

The artist rendering would have dark/black lettering with a background that is a very light grey, painted to match the color of the existing mortar between the brick work of the rest of the building.

Sincerely,

**Colton Altobell**

## Keynote

Keynote Speaker Thompson Mayes,  
Vice President and Senior Counsel, National Trust for Historic  
Preservation

### Why Old Places Matter

Why do old places matter? What difference do old places make in people's lives? In a series of essays, Tom Mayes explored some of the many reasons that old places matter to people, beginning with Continuity, Memory, Individual Identity, Civic Identity and Beauty. The idea that old places are important to us is often a deeply held belief, but the reasons are not often articulated or expressed. Mayes' exploration provides direction for future efforts by identifying why

old places matter, recognizing what we choose to preserve and addressing how to preserve them. Tom Mayes is vice president and senior counsel for the National Trust for Historic Preservation, and has specialized in both corporate and preservation law since he joined the National Trust in 1986. He is the author of many articles relating to, and has lectured widely on, preservation easements, shipwreck protection, historic house museums and numerous other topics.
