

# Stop Motion Animation

Thursdays in February at 4 PM

Every Thursday in February, we're creating stop motion animation films. Groups of two children per iPad will use various materials (including Legos, paper, plastic animals, etc.) to make a movie. This session meets four times in February, so please try to make all four sessions in order to be sure you have time to create the best video ever.

Best for ages 8+.

**Registration required. Space is limited, so sign up soon! Stop by the youth services desk to sign up.**
