*Item:* **Establish Zoning at 22839 County Road 17**

*No.* **2.1**

Staff requests Council consider establishing R-3 Multi-Family Residence zoning for three acres of land at 22839 County Road 17. The R-3 zoning is being requested to facilitate development of a maximum 36-unit senior CO-OP. The Comprehensive Plan land use designation of the subject property was recently changed to Urban Residential to support the proposed R-3 zoning and CO-OP project. On August 10<sup>th</sup>, the Planning Commission recommended approval of the R-3 zoning district 3-2 with the following conditions:

1. All land use, zoning, subdivision, and site plan approvals to construct a three story CO-OP senior living facility with up to 36 units shall be obtained by June 2021; and
2. If the above condition is not met, application of the R-3 zoning shall be null and void and the property shall return to an un-zoned classification.

These conditions are reflected in the attached ordinance of approval. For this item, the following alternatives are available to Council:

1. Approve the request as submitted. Under this option, a motion to introduce the attached ordinance for adoption should be made.
2. Deny the request. Under this option, Council will need to state on the record findings supporting the denial of the request.
3. Postpone a decision on the item to allow staff additional time to answer any outstanding questions.

# PLANNING COMMISSION

**AGENDA ITEM: 3. Public Hearing – Application of R-3 Zoning at 22839 County Road 17**

**PREPARED BY: Carlos Espinosa**

**DATE: August 10, 2020**

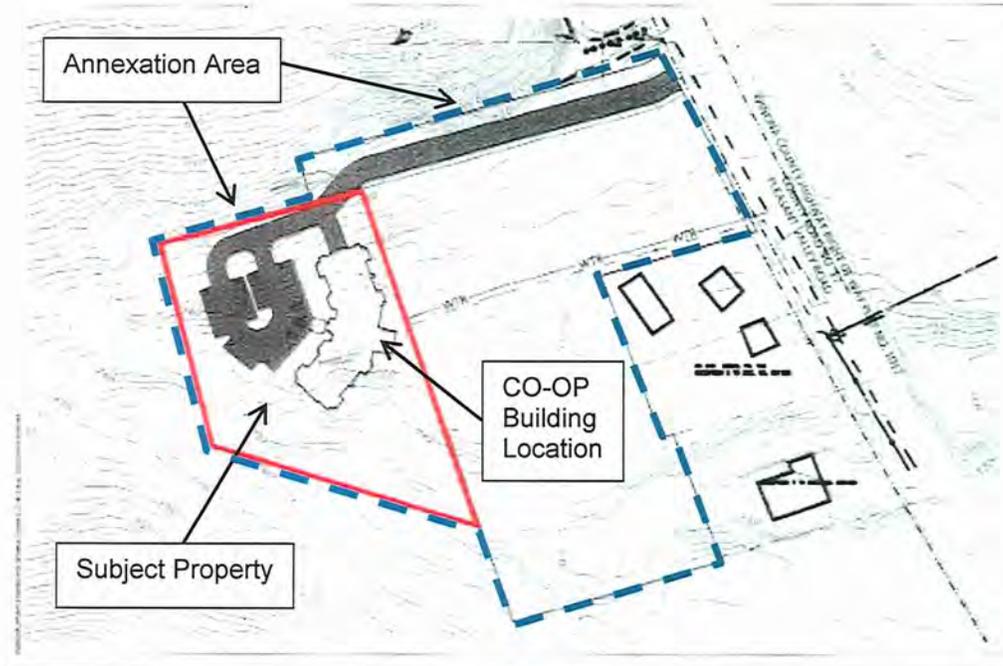

## INTRODUCTION

Bradford Development has submitted a petition to zone approximately 3 acres of land R-3 Multi-Family residential at 22839 County Road 17. The R-3 zoning district will facilitate development of a three story maximum 36 unit senior CO-OP building. This property was recently approved for an Urban Residential land use designation by the City Council. The format for this item is the following:

- A. Chair shall state the case to be heard.
- B. Chair shall ask the applicant to present his/her case.
- C. Chair shall call on the City Planner, to present staff comments.
- D. The hearing shall be opened and interested persons, upon giving their name and address, are invited to speak to the Commission. Following recognition by the Chair, Commission members may ask questions of persons addressing the Commission in order to clarify facts. Any statement by a member, other than to question, may be ruled out of order.
- E. After all new facts and information have been brought forth, the hearing shall be closed, and interested persons shall not be heard again unless the hearing is reopened and unless all interested parties shall be allowed to be heard again. Upon completion of the hearing, the Commission shall discuss the item at hand and render a decision or recommendation.

### BACKGROUND

On July 6<sup>th</sup>, the City Council approved an Urban Residential Land Use designation for the subject property (below). On July 20<sup>th</sup>, the Council approved annexation of the subject property and an additional 6 acres of adjacent land (also below). Following that, Bradford Development submitted a request to zone the property R-3 - which is the subject of this item's public hearing. Again, the purpose of the R-3 zoning is to facilitate construction of a three story maximum 36 unit senior CO-OP building.

### **ANALYSIS**

The recent change to the Urban Residential land use designation was done to facilitate application of the R-3 zoning district and future construction of the proposed CO-OP building. In approving the Urban Residential land use designation, Council made the following findings:

- 1) The amendment facilitates residential development, which meets the current and future needs of Winona's population in accordance with the Housing Section of the Comprehensive Plan.
- 2) Since adoption of the 2007 Comprehensive Plan, sewer and water utilities were installed adjacent to the subject property.
- 3) The potential uses supported by Urban Residential designation will be buffered from existing single-family homes by a 250' buffer that supports future low-density residential development.

As noted, Council also approved annexation of the subject property and an adjacent 6 acres of land. Information considered by Council related to that decision is provided in Attachment A.

### **NEXT STEPS**

Given the subject property's Urban Residential land use classification, staff would recommend approval of the requested R-3 zoning for the property. Since the request is specifically related to the CO-OP building project, staff would recommend the conditions below:

- 1) All land use, zoning, subdivision, and site plan approvals to construct a three story CO-OP senior living facility with up to 36 units shall be obtained by June 2021; and
- 2) If the above condition is not met, application of the R-3 zoning shall be null and void and the property shall return to an unzoned classification.

In consideration of this matter, the following actions are available to the Commission:

1. Recommend approval of the request with the conditions above.
2. Recommend denial of the request. If denial is recommended, specific reasons should be given.
3. Table the item to allow staff additional time to answer questions.

# REQUEST FOR COUNCIL ACTION

<i>Agenda Section:</i> <b>Required Public Hearings</b>	<i>Originating Department:</i>	<i>Date:</i>

<i>Item:</i> <b>Public Hearing – Consider Business Assistance/Subsidy to BCS Automotive Enterprises, LLC</b>		
<i>No.</i> <b>2.3</b>		

## SUMMARY OF REQUESTED ACTION:

Pursuant to a public hearing notice, published on September 8 2020, one component of the financing package for BCS Automotive includes a State of Minnesota Department of Employment and Economic Development Minnesota Investment Fund (MIF) grant/loan. MIF dollars are granted to the City with the understanding that grant proceeds be provided to the business for their proposed expansion. The MIF grant/loan for the BCS project is 600,000 with \$500,000 of that amount forgiven provided BCS meets the following conditions within two years:

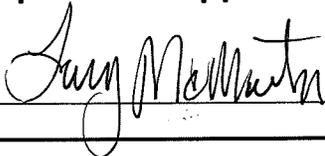

- Retains 90 existing jobs at the Winona facility located at 5752 Industrial Park Road; and
- Creates 117 new jobs with cash wages between \$13.99 and \$17.00; and
- Provides proper documentation of BCS's equity injection into the expansion in the amount of \$2,287,000.

Under MN Statutes, the Business Subsidy Act (Minn. Stat. §116J.993 - §116J.995) it is required that the City and BCS enter into a Business Assistance/Subsidy Agreement (see attached). The Port Authority reviewed the proposed Business Assistance/Subsidy Agreement at their meeting on September 10, 2020 and recommended the City Council consider approval. After the public hearing, the City Council will be asked to consider entering into the agreement with BCS Automotive Enterprises, LLC.

The Borrower further acknowledges that it has made certain representations and statements in the Grant Application concerning its activities relating to the Project, and that the Borrower is designated and identified under the Grant Contract.

(b) Under the Grant Contract, the Lender has undertaken certain obligations with respect to, and among other things, repayment to the State of the Loan Proceeds in the event certain conditions are not met. A copy of the Grant Contract and this Loan Agreement shall be on file in the offices of the Lender. (c) The Borrower acknowledges that nothing contained in the Grant Contract or this Loan Agreement, nor any act of the State or the Lender, shall be deemed or construed to create between the State and the Borrower (or, except as Borrower and Lender between the Lender and the Borrower) any relationship, including but not limited to that of third party beneficiary, principal and agent, limited or general partnership, or joint venture. As such, the Borrower agrees to hold the State harmless from any claim, demand, suit, action, or other proceeding whatsoever by any person or entity whatsoever arising or purportedly arising from this Loan Agreement, any events related to the Project or the Borrower's participation in this Loan, or Borrower's activities on the Development Property.

(c) Its execution and delivery of the Loan Documents to which it is a party, and its incurrence of the Loan does not violate any provision of law or Borrower's corporate documents.

(d) The Promissory Note was duly and validly authorized, executed and delivered, and it constitutes the legal, valid and binding obligation of the Borrower enforceable in

The Loan Documents to which it is a party, have been duly and validly authorized, executed and delivered, and are the legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms, except to the extent the enforceability thereof may be limited by bankruptcy, insolvency or other law affecting creditor's rights, or the application of equitable principles generally.

(e) It is not in violation of any provisions of its organizational documents or of the laws of local governments, State of Minnesota or U.S. Government, and there are no actions, suits or proceedings pending, or to its knowledge threatened, before or by any judicial body or governmental authority, against or effecting it, and it is not in default with respect to any order, writ, injunction, decree, or demand of any court or any governmental authority which would impair its ability to enter into this Loan Agreement or to perform any of the acts required of it in the Loan Documents to which it is a party.

(f) Neither the execution and delivery of the Loan Documents to which it is a party, nor compliance with any of the terms, conditions, requirements or provisions contained herein or in such referenced documents, is prevented by, is a breach of, or will result in a breach of any term, condition or provision of any agreement or document to which it is now a party or by which it is bound.

(g) It will maintain adequate capital for the proper operation and administration of its duties under this Loan Agreement.

(h) It will comply with Minn. Stat. § 116J.8731 and Minn. Rules Chapter 4300 and all of the terms, conditions, provisions and requirements, contained in the Loan Documents to which it is a party.

(i) Representations, statements, and other matters provided by the Borrower relating to those activities of the Project to be completed by the Borrower, which were contained in the Grant Application, were true and complete in all material respects as of the date of submission to the Lender and such representations, statements, and other matters are true as of the date of this Loan Agreement and there are no adverse material changes in the financial condition of the Borrower's business.

(j) The Borrower acknowledges that the State, in selecting the Lender as recipient of the Grant, relied in material part upon the assured completion of the Project to be carried out by the Borrower, and the Borrower warrants that said Project will be carried out as promised.

(k) The Borrower warrants that to the best of its knowledge, it has obtained all federal, state, and local governmental approvals, reviews, and permits required by law to be obtained in connection with the Project and has undertaken and completed all actions necessary for it to lawfully execute this Loan Agreement as binding upon it.

(l) The Borrower warrants that it shall keep and maintain books, records, and other documents relating directly to the Other Project Funds, and that any duly authorized representative of the State shall, at all reasonable times, have access to and the right to inspect, copy, audit, and examine all such books, records, and other documents of the Borrower for seven years after the termination of the Loan Agreement or until such time that the Lender and the State have both determined that all issues, requirements, and close-out procedures relating to or arising out of the Loan have been settled and completed, whichever is later.

(m) The Borrower warrants that no transfer of any or all of the Loan Proceeds by the Lender to the Borrower shall be or be deemed an assignment of Loan Proceeds, and the Borrower shall neither succeed to any rights, benefits, or advantages of the Lender under the Grant Contract, nor attain any right, privileges, authorities, or interest in or under the Grant Contract.

(b) The Borrower is in breach of any of the requirements, terms, conditions, covenants or other agreements in the Loan Documents and remains in breach in any material respect for thirty (30) business days after written notice thereof to the Borrower by the Lender; provided, however, that if such breach shall reasonably be incapable of being cured within such thirty (30) business days after notice, and if the Borrower commences and diligently prosecutes the appropriate steps to cure such breach, no default shall exist so long as the Borrower is proceeding to cure such breach in a reasonable period of time;

(c) Any representation or warranty made by the Borrower in the Loan Documents, any other document referred to in such documents, or any financial statement, certificate, or report furnished pursuant to this Loan Agreement, or any representation or warranty made order to induce the Lender to close the Loan or disburse the Loan Proceeds, which proves to have been untrue in any material respect or materially misleading as of the time such representation or warranty was made;

(d) Borrower shall make an assignment for the benefit of its creditors, or shall be dissolved, or shall commit an act of bankruptcy under the United States Bankruptcy Act (as now or hereafter amended), or shall admit in writing its inability to pay its debts as they become due, or shall file a petition in bankruptcy, or shall become or be adjudicated as bankrupt or insolvent, however defined, or shall file a petition seeking any reorganization, dissolution, liquidation, arrangement, composition, readjustment or similar relief under any present or future bankruptcy or insolvency statute, law or regulation, or shall file an answer admitting to or not contesting the material allegations of a petition filed against it in such proceedings, or shall not, within 60 days after the filing of such a petition against it, have the same dismissed or vacated, or shall seek or consent to or acquiesce in the appointment of any trustee, receiver or liquidator of a material part of its properties, or shall not, within 60 days after the appointment (without its consent or acquiescence) of a trustee, receiver or liquidator of any material part of its properties, have such appointment vacated;

(e) A court of competent jurisdiction shall enter an order, judgment or decree approving a petition filed against Borrower seeking any reorganization, dissolution or similar relief under any present or future federal, state or other statute, law or regulation relating to bankruptcy, insolvency or other relief for debtors, or any trustee, receiver or liquidator of such entity, shall be appointed without the consent or acquiescence of State;

(m) The occurrence of any other act or event that is noncompliant under the MIF Program.

Section 5.2. **Rights and Remedies.** Upon the occurrence of an Event of Default and at any time thereafter until such Event of Default is cured to the satisfaction of the Lender, the Lender may, at its option, exercise any and all of the following rights and remedies (as well as any other rights and remedies available to it):

(a) The Lender may, by notice in writing to the Borrower, refrain from disbursing any of the Loan Proceeds; provided, however, the Lender may make such disbursements after the occurrence of an Event of Default without thereby waiving its rights and remedies hereunder, or waiving its right to make any additional disbursements.

(b) The Lender may, by written notice to the Borrower, declare immediately due and payable all principal and interest due under the Promissory Note, together with all other sums payable under the Loan Documents and the same shall thereupon be immediately due and payable without presentment or other demand, protest, notice of dishonor or any other notice of any kind, all of which are hereby expressly waived.

(c) The Lender shall have the right, in addition to any other rights provided by law or equity, to enforce its rights and remedies under the Loan Documents.

(e) The Lender shall have the right, in addition to any other rights provided by law or equity, to apply to any court, state or federal, for specific performance of any term, condition, covenant, requirement or provision contained in the Loan Documents; for an injunction against any violation of any such term, condition, covenant, requirement and/or provision; or for such other relief as may be appropriate, since the injury to the Lender arising from a default under any of the terms, conditions, covenants requirements and/or provisions of the Loan Documents, would be irreparable and the amount of damage would be difficult to ascertain.

**Section 5.3. Rights and Remedies Cumulative.** The rights and remedies of the parties to this Loan Agreement, whether provided by operation of law or by this Loan Agreement, shall be cumulative, and the exercise by either party of any one or more of such remedies shall not be construed to preclude or waive its right to exercise, at the same or different times, any of the other such remedies for the same default or breach, or of any of its remedies for any other default or breach by the other party.

No waiver made by either such party with respect to the performance, manner or time thereof, of any obligation of the other party or any condition to its own obligation under this Loan Agreement or any document referred to herein, shall be considered a waiver of any rights of the party making the waiver with respect to the particular obligation of the other party or condition to its own obligation beyond those expressly waived in writing and to the extent thereof, or a waiver in any respect in regard to any other rights of the party making the waiver or any other obligations of the other party. No delay or failure by either party to exercise any right or remedy shall be a waiver of such right or remedy, and no single or partial exercise by either party of any right or remedy shall preclude other or further exercise thereof for the exercise of any other right or remedy at any other time.

**Section 5.4. Collection.** Upon the occurrence of an Event of Default and at any time thereafter until such Event of Default is cured to the satisfaction of the Lender and State, Borrower agrees to pay all costs and expenses of the Lender, including, but not limited to, reasonable attorney's fees, in the collection of any of the obligations or the enforcement of any of the Lender's rights. If any notice of sale, disposition or other intended action by the Lender is required by law to be given to Borrower, such notice shall be deemed reasonably and properly given if mailed to Borrower at the address specified in Section 9.15(b), or at such other address of Borrower as may be shown on the Lender's records, at least 15 days before such sale, disposition or other intended action.

The Lender shall have the right at its option and without demand or notice, to declare all or any part of the Loan immediately due and payable, and in addition to the rights and remedies granted hereby, the Lender shall have all of the rights and remedies available under the Uniform Commercial Code and any other applicable law.

**Section 5.5. Assignment.** If, prior to the Termination Date, the Borrower sells, conveys, transfers, further mortgages or encumbers, or disposes of the Development Property, or any part thereof or interest therein, or enters into an agreement to do any of the foregoing, the Borrower shall immediately repay all amounts then outstanding on the Loan. This shall be in addition to any other remedies at law or equity available to the Lender.

**Section 5.6. Appointment for Foreclosure.** Upon the occurrence of an Event of Default and at any time thereafter until such Event of Default is cured to the satisfaction of the Lender and State, Borrower agrees that the Lender may appoint an individual or entity to handle the default proceedings.

- (a) The Borrower acknowledges and agrees that the provisions of Minnesota's Business Subsidy Act apply to this Loan Agreement, as Borrower is receiving government assistance under the terms of this Loan Agreement.
  - (1) The subsidy provided to the Borrower includes the \$600,000 loan made hereunder which will be used for Building renovation.

- (2) The public purposes and goals of the subsidy are to increase Borrower's net jobs in the City and encourage economic development.
- (3) The goals for the subsidy are to create jobs that pay a livable wage, per Section 8.1(b) of this Loan Agreement.

If no extension occurs, or if after the extension, the Borrower fails to meet the job creation goal and wage commitment, the Borrower will be required to repay to the Lender a pro rata share of the Loan principal plus interest as calculated in Section 8.2 (b) at an accelerated rate, based upon the difference between the wage bracket values defined in Section 8.1(b)(2) above and the wage bracket value of actual jobs created. ## SUMMARY OF REQUESTED ACTION:

The Safety Coordinator has been informed by the Police, Fire and Street Departments that the two uncontrolled intersections of Harriet and Wilson Streets at 3<sup>rd</sup> Street intersections are unsafe due to sight lines and predictability. It would be more predictable if both Harriet and Wilson Streets would be Stop Intersections and 3<sup>rd</sup> Street would be through traffic. Engineering supports this due to the sight distances being impeded due to buildings being built close to the intersections.

If Council concurs, a motion to introduce the attached ordinance would be in order.

## SUMMARY OF REQUESTED ACTION:

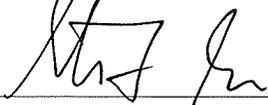

Dear Councilmembers,

The Winona Main Street Program is organizing an outdoor living room tea party during Dine Out Downtown on Friday, September 25, 2020 from 5:00 – 7:00 p.m. on 3<sup>rd</sup> Street between Walnut and Market Streets with a rain date of Friday, October 2, 2020. Jenna Lubinski, the owner of The Refinery Co. on 2<sup>nd</sup> Street downtown, will be providing the furniture and seating, and Heidi Beske, owner of Curiosi-Tea House (soon to be open on West 5<sup>th</sup> Street by the Kwik Trip on South Baker), will be providing the tea. The goal of this event is to activate one of the blocks on Third Street that sees less foot traffic during Dine Out Downtown.

The Main Street Program is seeking council approval to have this event, as city staff suggested it would be the best way to demonstrate we will be executing this unique event in a safe manner.

We are using grant funds to pay for both business owner's time and materials/product and there will be no purchases involved for the tea. In order to safely follow COVID-19 guidelines, there will be three 30-minute tea sessions that will seat up to 8 people, with 10 minutes in between each session to sanitize and clean. Seating and tables will be distanced appropriately that will allow for two groups of four or one group of eight for each session.

*No.* **5.1**

## SUMMARY OF REQUESTED ACTION:

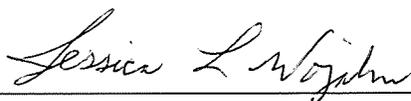

The City Health Insurance Committee met in May and August with representatives from the firm of Mercer. An RFP for plan year 2021 was conducted and several vendors and plan options were discussed. The following actions are recommended by the Health Insurance Committee.

### Effective January 1, 2021

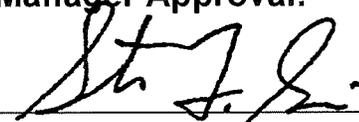

- Continue self-insured plan arrangement with Blue Cross Blue Shield of Minnesota (BCBSM) as third-party administrator.
- Continue \$115,000 stop-loss deductible per member.
- Continue to offer city employees three health plan options:
  - Green Plan single/family deductible of \$3,000/\$6,000 using BCBSM's AWARE network
  - Red Plan single/family deductible of \$3,500/\$7,000 using BCBSM's AWARE network
  - Purple Plan single/family deductible of \$2,000/\$4,000 using BCBSM's High Value Network (HVN) which considers all Mayo facilities to be non-network.
- Reduction in overall actuarial cost of 6.5%.
- All plans include the ability to implement a Health Savings Account (HSA). Employees with Health Reimbursement Accounts (HRAs) can convert 50% of those funds to HSAs in any of the plans.
- Employees can choose any of the three plan options, regardless of the plan option that they are currently enrolled in (change may only occur on January 1).
- Continue Doctor on Demand (telemedicine) to cover at 100% after the deductible is satisfied-all plans.
- Continue ShareCare fitness incentive program through BCBS to provide a \$20 incentive for achieving a specific number of steps per month.

If the Council concurs, a motion to approve the City Health Insurance Committee's recommendations for 2021 would be in order. (Attachment: 2021 Plan Coverage Summary)

# REQUEST FOR COUNCIL ACTION

<i>Agenda Section:</i> <b>New Business</b>	<i>Originating Department:</i>	<i>Date</i>
<i>No:</i> <b>5</b>	<b>City Clerk</b>	<b>09/21/20</b>
<i>Item:</i> <b>Council Chambers Equipment Upgrades</b>		
<i>No.</i> <b>5.7</b>		

## SUMMARY OF REQUESTED ACTION:

The City Clerk has received a quote from EPA Audio Visual, Inc, of Rockford, MN to replace several of the aging systems in the Council Chambers that provide service for the City's Government Access Channel.

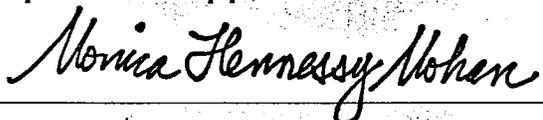

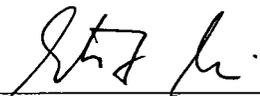

The proposal has two separate areas: an integrated presentation system within the Chambers, and the broadcast production area that will feed both of the cable tv companies as well as social media feeds, including the City website, Youtube and Facebook.

In the Chambers, the audio system will be entirely replaced, and additional wireless microphones will be included. Four ceiling speakers will be mounted, rather than the current two. Video presentation will include two 65" monitors on rolling carts for improved viewing of presentations being made in the room. The system will also allow for web conferencing via multiple platforms, such as Zoom and WebEx.

The camera control system, media control, broadcasting and playback systems will all be located in the production room located off of the Chambers.

The proposal also includes project management, installation and training. EPA has worked with cities across the state, including Rochester and Red Wing.

The total estimated costs are \$149,862.66, and the current budget includes \$150,000 for this project. If the Council concurs, the suggested motion would be to approve the proposal from EPA Audio Visual, Inc, and to authorize the Mayor and City Clerk to execute the city's standard form contract, allowing for minor and technical changes.

**Subject: Council Chambers rev2**

City of Winona - Monica - Council Chambers - 091520 rev2

Based on the information given and site visit, we have prepared this proposal to install the audio-visual system at the City of Winona. This proposal includes the scope of work, system costs, standard warranty, scheduling, and implementation.

EPA Audio Visual, Inc. is a premier communication technology integration firm. We specialize in design and design/build A/V solutions as well as A/V technology upgrade solutions for integrated multimedia presentation systems, audio systems, distributed media, video conferencing, and portable systems.

## **Scope of Work**

### **City Council Chambers:**

EPA Audio Visual, Inc. will integrate a new presentation and broadcast system at the City of Winona. The following scope details the two (2) separate areas of presentation and broadcast production. Please note that the presentation equipment will also tie into the broadcast equipment.

### **Presentation System:**

**Video:** The Council Chambers will consist of multiple presentation sources including a laptop connection w/HDMI at the dais for the council, a dedicated PC connection w/HDMI in the production booth, as well as a Barco wireless USB presentation device that can be used anywhere in the room including at the podium and dais. This will allow wireless video presentation from a laptop via USB. The current projector fixed frame screen will remain. The aspect ratio will be scaled to reflect the current widescreen HD standards. Two (2) 65" monitors on rolling carts will be added for support viewing, as well as two (2) 24" monitors at the dais. These monitors will mirror the projector's image and have the ability to be disconnected when not in use.

**Soft Conferencing:** The users in the space will have the ability to use web conferencing with the system via a USB feed from the system to the dedicated PC in the booth which will allow for audio and video when conducting web conferencing calls such as Zoom, Teams, WebEx, etc. Camera location preset control will be provided on the dais touch panel to assist ease of operation.

**Audio:** There will be an 18" gooseneck microphone at the dais table and podium for each council member/presenter. Additionally, six (6) wireless microphones (expandable to eight (8) total) will be integrated for use at the expansion council tables for audience use. The wireless microphones will have a charging base with rechargeable batteries. Four (4) new ceiling speakers will be added for sound reinforcement throughout the space. A new amplifier and audio DSP equipment will handle all the audio and microphone equipment. This will be programmed and aligned based on room layout and acoustics. An assisted listening system will be included.

**Media Control:** A Crestron control system will provide the backbone for simple operation of the space. A 10" touch panel will reside at the council table and will control switching video sources between the hardwired connection and wireless, volume control, mute functions, and microphone levels.

**Equipment Rack:** A new control console, located in the production booth, will house the equipment for both the presentation and broadcast equipment. A separate document will show these details and new layout.

### **Playback/Broadcast System:**

EPA will install and integrate a new cable playback/recording/broadcast system and provide initial verification of broadcast with Tightrope Media Systems (TRMS). Additionally, two (2) PTZ cameras shall be installed to provide video from the boardroom for broadcasting and recording with the playback system.

**Playback/Recording System:** A Tightrope media server will act as the broadcast and playback server for council meetings and provide an interface for inputs and outputs that support the system. Inputs include the council chambers PTZ cameras and presentation video sources. This will replace the current Leightronix scheduling system and act as the new scheduling system to broadcast to Charter Ch. 987 and HBC Ch. 19. An Extron SMP network recorder will also be integrated into the system which will allow for Council Chambers meetings and other events to be recorded and then uploaded to the new Tightrope media server for archiving and playback, as well as serving as an internet streaming service device (i.e. Facebook, YouTube, etc.). The recorder will also be integrated with an option for users to record on-air or off-air. A license for CG Bulletin Board playback will be provided to automatically fall back on during non-live or scheduled broadcasts via the Tightrope media server. A media player with internet radio capability will also be provided for off-air music as well as providing background music for the space.

**Training:** TRMS on-site training will be provided. The end user will be responsible for scheduling.

**Signal Monitoring:** New reference video monitors will be provided to monitor the feeds for HBC and Charter, as well as the recorder and new character generator/signage feed.

**Camera Control:** Camera PTZ controls and functions will be controlled via Vaddio camera controller production system. The user will also have a Vaddio touch monitor to allow for simple switching of the camera presets and feed to the broadcast system and recorder via a preview and program window.

**Media Control:** A Crestron 10" touch panel will reside in the control booth to control sources and microphones of the chambers from the booth. This panel will mirror the panel located in the chambers and have added functionality specific to the broadcast system control.

**Equipment Rack:** A new production equipment rack/desk will be integrated in the control booth. This will allow for sufficient desk space for the controller, touch panel, and all auxiliary equipment needed to be accessed by the operator.

### **Notes:**

- *EPA Audio Visual, Inc. will not be responsible for any training support in regards to the provided Tightrope/Cablecast server system. It will be the owner's responsibility to schedule training of this device after installation of the system takes place. Any servicing of the equipment or replacement will be provided by EPA post-installation, taking the equipment warranty periods into account.*
- *For proper configuration of web and/or phone conferencing, access to the owner's preferred conferencing software (Skype, Zoom, etc.) and the audio conference call bridge (if used) will be required during EPA's testing and commissioning. If this support cannot be provided at the time of the scheduled installation, return visit(s) and supplementary installation labor will be incurred, at owner's expense, for the amount of time required to finalize the system.*
- *EPA Audio Visual, Inc. is not responsible for the functionality of existing equipment or faulty infrastructure incorporated into the upgraded system.*
- *Construction and electrical requirements necessary to complete this room are not included in the proposal. A general and electrical contractor may have to be contracted by the owner to provide power requirements necessary for some equipment and its location of installation.*

- Mount/rack AV equipment as specified in the scope of work.
- Adjusting and balancing audio gain settings, equalization and DSP configuration.
- Assure that the system meets design criteria and functions per the scope of work.
- Site clean-up and disposal of packaging, etc. This does not include existing equipment recycling.
- Pricing is based upon standard business hours of 8:00 am until 4:30 pm CST Monday through Friday. Second and third shifts may require additional labor unless a prior agreement has been made.

### Exclusions:

- All conduit, high voltage wiring, breakers, relays, boxes, receptacles, etc.
- Building or site construction or demolition.
- Concrete cutting, core drilling etc.
- Sheet rock replacement or repair necessary for implementation of AV system.
- Ceiling tile or grid work removal or replacement.
- All millwork (moldings, trim, etc.).
- Permits (unless specified in contract).
- Painting or refinishing necessary for implementation of AV system.

## System Costs

The system costs include the provision of equipment, hardware, cable, connectors, etc., as well as all engineering, project management, and field installation labor necessary to provide a complete operational system as described above.

# REQUEST FOR COUNCIL ACTION

<i>Agenda Section:</i> <b>New Business</b>	<i>Originating Department:</i>	<i>Date</i>
<i>No:</i> <b>5</b>	<b>City Clerk</b>	<b>09/21/20</b>

*Item:* **Salary Increases for the Mayor and City Council**

*No.* **5.8**

## SUMMARY OF REQUESTED ACTION:

The City Charter requirements for increasing the salaries for the Mayor and City Council are as follows:

2.09 SALARIES. Each member of the council shall receive a salary, the amount and payment of which shall be established by ordinance. Any salary ordinance must be passed by a five-sevenths majority of all members of the council. No ordinance increasing existing council salaries shall take effect until after the next municipal election.

Therefore Council would need to take action prior to the November 2020 General Election on any proposed increase in Mayor and Council salaries for the next two years. Since this was not discussed during the August budget discussions, staff is looking for direction from the Council on salaries for 2021 and 2022.

The current salaries are \$10,778.00 per year for the Mayor, and \$ 7,705.00 per year for each Council Member.

If the Council would like to increase the salaries for 2021 and/or 2022, a motion to direct staff to prepare the salary ordinance for the next Council meeting would be in order. This motion would need to include either the base amounts or the percentage increases. If the Council does not wish to increase the salaries for the next two years, a motion to maintain the current salaries would be in order.

Originating Department:

**09/21/20**

Item: **City Hall Roof Leak**

No. **5.14**

## SUMMARY OF REQUESTED ACTION:

The City Hall building recently encountered a roof drain leak. The roof area and the drain have previously been fixed; however, with this most recent event further damage was done to the ceiling and cornice on the first and third floors.

Staff has requested two separate contractors and two separate quotes for this repair project. The total project cost is estimated at \$23,000.

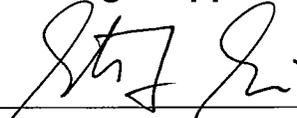

The Building Maintenance budget is not able to cover all the costs of this project. Staff is recommending a transfer of up to \$23,000 from the Facility Fund to complete this project.

If Council concurs, a motion to approve the Facility Fund transfer of up to \$23,000 to the Building Maintenance account to complete the City Hall Repair would be in order.

Item: **Bud King Roof Leak & Security Projects**

No. **5.15**

## SUMMARY OF REQUESTED ACTION:

The Bud King Ice Arena recently encountered a significant roof leak. During a recent rain event, the Arena had water enter the building in two locations.

Staff has requested a quote to patch a significant portion of the roof where the water was entering the building. The total roof repair is estimated at \$13,900.

Further, Staff is recommending that we increase our security at Bud King Ice Arena. We currently have cameras that focus on two locations inside and outside the arena. However, with the expansion of the building we have noticed that several entry points are not secure and should be excluded from public use. Staff is recommending alarming doors and installing keyless entry for the main public access doors. The project is estimated to cost approximately \$6,000.00.

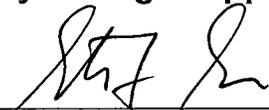

Staff is recommending a transfer of up to \$19,900 from the Facility Fund to complete the two projects.

If Council concurs, a motion to approve the Facility Fund transfer of up to \$19,900 to the Recreation Fund to complete the Bud King Roof Repair and Security enhancements would be in order.
