Parcel No: \_\_\_\_\_

## **FILING REQUIREMENTS FOR BOARD OF ADJUSTMENT**

- Filing fee is \$230.00.
- File petition with Community Development, Room 210, City Hall.
- Board meetings are held the 1<sup>st</sup> and 3<sup>rd</sup> Wednesday of each month in the Council Chambers at City Hall at 5:00 PM.
- Petitioner must file by noon on the Friday 19 days prior to the Wednesday meeting date.
- Petitioner or a representative must be present at the meeting for the petition to be heard.
- The Board may impose conditions in the granting of a variance to ensure compliance and to protect adjacent properties.

**\*When applying for a variance, the following information must be supplied to Community Development: All information must be attached, or the application will not be accepted.**

1. **Petitioner's name and address. Also, owner's name and address if different than petitioner.**
2. **Address or parcel number of the property a variance is being applied for.**
3. **Provide a full legal description from the Property Deed (Can be obtained from Winona County). Do not use description that is on Beacon.**
4. **A letter, preferably typed, describing your request. City staff will provide assistance with the letter, but staff cannot write it. The letter must:**
  - *State what you want to do.* For example, "I want to build a 10' X 12' addition onto the side of my house"
  - *Describe why the variance is needed.* For example, "My house is 13' from the side property line; the addition will leave 3' between my house and the side property line. City Code requires a setback of 5 feet."
  - *Describe the circumstances that prevent you from meeting the requirements of the ordinance.* For example, "The construction and layout of my house prevent the addition on the front or rear of the structure and there is a driveway to my garage on the other side of my house. As a result, the proposed location for the addition is my only reasonable option."

**\*Note:** To grant the request, the Board must find that the variance meets all of the following criteria:

1. The variance is in harmony with the purpose and intent of the zoning ordinance. The purpose and intent of the zoning ordinance is to:
  - A. Promote the public health, safety, morals, comfort, and general welfare
  - B. Conserve and protect property and property values
  - C. Secure the most appropriate use of land
  - D. Facilitate adequate and economical provisions for public improvements
2. The variance is consistent with the Comprehensive Plan.
3. The proposal puts the property to use in a reasonable manner.
4. There are unique circumstances to the property not created by the property owner.
5. The variance, if granted, will not alter the character of the neighborhood.
6. There are other considerations for the variance besides economics – in order for this criterion to be satisfied; answers to numbers 3, 4, and 5 must be affirmative.

Although not required for a complete application, it is strongly encouraged that the letter which is provided addresses these criteria.

5. A plot plan, drawn in black ink, showing the following:
  - A. Present structures drawn with solid lines and labeled as to use, such as house, garage, etc.
  - B. Proposed structures or additions drawn with dashed or dotted lines and labeled.
  - C. Dimensions of the lot.
  - D. Distance from structures to lot lines. The structure or addition the variance is being applied for must show distance from lot line to closest projection, such as bow windows, eaves, etc.
  - E. Location and size of off-street parking areas.
